### Limited Conductive

A cart based pushout prevention system thwarts ORC and shoplifters at the moment a theft occurs. As a thief attempts to leave, the pushout prevention system locks the cart in place keeping your merchandise in the store, with most thieves walking away empty handed. As shoplifters experience less success, professional thieves will be driven to easier targets.

Cart Containment stops carts from ever leaving a store's property, saving them from abandonment, damage, or city fines. By combining a radio frequency enabled perimeter antenna and self locking SmartWheels helps keep your property at your location vastly reducing store operation costs

## relaXt

### + **New design**

The innovative design looks perfect and makes customers wanting to use trolleys.

### + **Perfect ergonomics**

We have worked hard to find the best possible ergonomic shape for the handle as well as the ergosticks. A customer survey confirmed that: 89% find the new relaXt handle very good or good.

### + **Manoeuvrable**

With the ergosticks the handling of heavy loaded trolleys is much easier now!

### + **Effective advertising**

Big advertising display opens up opportunities for third party as well as private label advertising.

### + **Antistatic**

Relieve your customers! The antistatic component effectively avoids electrostatic shocks when touching the trolley.

### + **Classic version**

The relaXt is also available with standard end-caps.

## relaXt

The relaXt can be equipped with:

- + **Magnifying glass**  
A special service to the customer:  
Makes the reading of nutrition facts, price tags, etc. much easier.
- + **Scannerholder**  
The scannerholder is integrated into the handle.  
The scanner is securely placed in a handy position.
- + **Cupholder**  
Spoil you customers with this special service.
- + **Easy Maintenance**  
The coin cassette and the vision panel can be replaced easily and at low cost.
- + **EASY smartphone holder**  
Smartphone holder for universal smartphone sizes including cases up to Otterbox.

## smartloc

- + **Functional**  
Compact built, few parts and very sturdy.
- + **Metal locking hook**  
For heavy duty use with heavy trolleys, long trolley rows or travellers.
- + **Long lasting**  
The engraved coin symbol is extremely long-lasting, no wear and tear.
- + **Solid**  
The screw holding the smartloc stops it from turning.
- + **Compatible**  
Due to its flexible clamp part smartloc can be mounted on all shopping trolleys with handle diameters 24-29mm.
- + **Easy maintenance**  
The coin cassette can be replaced easily and at low cost.

## variloc heavy 3

*The solution for coping with heavy loads!*

- + **Solid**  
The housing and the clamping element are made of metal and so particularly resistant and strong
- + **Durable**  
The high-strength powder coating used on the die-cast zinc housing originates from the automotive industry and is very durable
- + **Maximum safety against vandalism**  
The metal housing combined with the clamping element attached tightly to the handlebar offers little opportunity to vandalism
- + **Service friendly**  
The top is extremely easy to replace.

## ClipOn

- + **Multi purpose advertising**  
Flexible advertising panel for private labels or third-party advertisement.
- + **Striking**  
Strong advertising effect when carts are lined-up.
- + **Handy**  
Suction cup for quick and easy exchange of the advertising labels.
- + **Flexible**  
Can be mounted on all standard transport and shopping carts easily, quickly and on low costs.

## Trolleymatic 2

*All functions you need to spoil your customers!*

- + **Perfect design**  
Your trolley just looks better with the design of the trolleymatic 2.
- + **Ergonomic**  
Easy trolley handling through ergonomic design.
- + **Magnifying Glass**  
Sometimes nutrition facts are just too small printed. The optional magnifying glass can be a great help. Your senior customers will be delighted!
- + **Antimicrobial**  
In a supermarket environment with open food, a trolley and especially the handle has to be clean. Trolleymatic 2 is effectively antimicrobial for four years.

## **Trolleymatic 2**

*All functions you need to spoil your customers!*

- + **Antistatic**  
Relieve your customers, the antistatic component effectively avoids electrostatic shocks when touching the trolleys.
- + **Perfect advertising**  
The 2 advertisement spaces are an excellent way to place own company or third party advertisement.
- + **Easy to service**  
Coin cassette can be replaced easily and quickly.
- + **KeyCard Function**  
The optional KeyCard is an excellent advertising medium.

## smartSafe

- + **Safe**

The belt automatically adapts to the child's size and effectively prevents the child from getting up and the trolley from tipping over.

- + **Simple**

Pull out the belt and engage – simple!

- + **Cost-efficient**

Durable, SmartSafe is designed to keep up as long as the trolley. Relaxed parents spend more time and more money!

- + **Robust**

The casing is made of high resistant plastic and is ideal for use on shopping trolleys.

- + **Clean**

The belt is well protected inside the casing and kept hygienically clean and dry.

- + **SmartSafe Twin**

Two kids, double safety – SmartSafe Twin with two belts.
